Company Background

Ultima Markets is your ultimate trading gateway, offering a secure, regulated CFD trading experience.

As the Official Regional Partner of FC Internazionale Milano, we unite football passion with trading knowledge.

Since 2016, we've served clients across 170+ countries, offering 1000+ financial instruments. We operate globally through entities regulated by the FCA, FSCA, and FSC.

In 2025, we won 20+ global awards, including Best CFD Broker Global. As a proud supporter of the UN Global Compact, we drive positive change through our Ultima Foundation.

Risk Warning: Trading leveraged derivative products carries a high level of risk and may not be suitable for all investors. Leverage can magnify both gains and losses, potentially resulting in rapid and substantial capital loss. Before trading, carefully assess your investment objectives, level of experience, and risk tolerance. If you are uncertain, seek advice from a licensed financial adviser. Leveraged products are not intended for inexperienced investors who do not fully understand the risks or who are unable to bear the possibility of significant losses.

Ultima

OFFICIAL REGIONAL PARTNER
OF FC INTERNAZIONALE MILANO

Score Your Move
With Inter

Ultima Markets is proud to be the Official Regional Partner of FC Internazionale Milano, one of the world's most storied football clubs with 20 Serie A league titles and three UEFA Champions League trophies.

The partnership unites two global leaders in shared values and mutual recognition of each other's strengths. The result is the ultimate experience at the intersection of financial empowerment and sporting excellence.

That's why we've joined hands, to show that lasting success is rooted in fundamentals.

Risk Warning: Trading leveraged derivative products carries a high level of risk and may not be suitable for all investors. Leverage can magnify both gains and losses, potentially resulting in rapid and substantial capital loss. Before trading, carefully assess your investment objectives, level of experience, and risk tolerance. If you are uncertain, seek advice from a licensed financial adviser. Leveraged products are not intended for inexperienced investors who do not fully understand the risks or who are unable to bear the possibility of significant losses.

Ultima

OFFICIAL REGIONAL PARTNER
OF FC INTERNAZIONALE MILANO

The UM × Inter Pillars

Shared Values

Inter was chosen for its alignment of values with Ultima Markets, sharing innovation, respect, dedication, fair play, and a strong sense of community that empowers success.

Legacy And Success

Both demand discipline, passion, and ambition. That’s how winning happens.

Global Expansion

This partnership also shows our continued commitment to grow globally and willingness to make bold investments for the future.

Inspired By Greatness

We’re thrilled to join a select group of leading global brands in partnering with an iconic club like Inter, in order to deliver exciting and meaningful experiences to our community.

Risk Warning: Trading leveraged derivative products carries a high level of risk and may not be suitable for all investors. Leverage can magnify both gains and losses, potentially resulting in rapid and substantial capital loss. Before trading, carefully assess your investment objectives, level of experience, and risk tolerance. If you are uncertain, seek advice from a licensed financial adviser. Leveraged products are not intended for inexperienced investors who do not fully understand the risks or who are unable to bear the possibility of significant losses.

Regulated Across Key Global Jurisdictions

Ultima

FINANCIAL CONDUCT AUTHORITY

Ultima Markets UK Limited, reference number 470325, is authorised and regulated by the Financial Conduct Authority (FCA).

FINANCIAL SECTOR CONDUCT AUTHORITY

Ultima Markets (Pty) Ltd, with registration number K2021950694, is licensed and authorised by the Financial Sector Conduct Authority (FSCA) under FSP number 52497.

FINANCIAL SERVICES COMMISSION

Ultima Markets Ltd is authorised and regulated by the Financial Services Commission (FSC) of Mauritius as a Full-Service Investment Dealer (excluding Underwriting), under licence number GB 23201593.

Risk Warning: Trading leveraged derivative products carries a high level of risk and may not be suitable for all investors. Leverage can magnify both gains and losses, potentially resulting in rapid and substantial capital loss. Before trading, carefully assess your investment objectives, level of experience, and risk tolerance. If you are uncertain, seek advice from a licensed financial adviser. Leveraged products are not intended for inexperienced investors who do not fully understand the risks or who are unable to bear the possibility of significant losses.

Fund Protection

Your funds, our priority:

Compensation Fund

As a member of The Financial Commission, UM offers an extra layer of security, ensuring client protection with compensation of up to EUR 20,000 per case.

Client Fund Insurance

UM partners with Willis Towers Watson (WTW) to provide fund protection of up to USD 1,000,000 per account in the event of insolvency, free and automatically applied.

Risk Management

UM implements advanced security protocols to protect client funds from risks such as unauthorised access, cyberattacks, and money laundering.

Negative Balance Protection

With Negative Balance Protection, UM ensures clients won't lose more than their investment by resetting any negative balance to zero.

Risk Warning: Trading leveraged derivative products carries a high level of risk and may not be suitable for all investors. Leverage can magnify both gains and losses, potentially resulting in rapid and substantial capital loss. Before trading, carefully assess your investment objectives, level of experience, and risk tolerance. If you are uncertain, seek advice from a licensed financial adviser. Leveraged products are not intended for inexperienced investors who do not fully understand the risks or who are unable to bear the possibility of significant losses.

Multi-Account Management System

Ultima

MAM (Multi-Account Manager)

- Trusted tool for fund managers to efficiently manage multiple trading accounts across Forex, Indices, Shares, Commodities, and more.
- Link multiple sub-accounts to a single master account.
- Sub-accounts retain autonomy in trading and fund management while benefiting from order copying, ensuring greater trading flexibility.

PAMM (Percent Allocation Management Module)

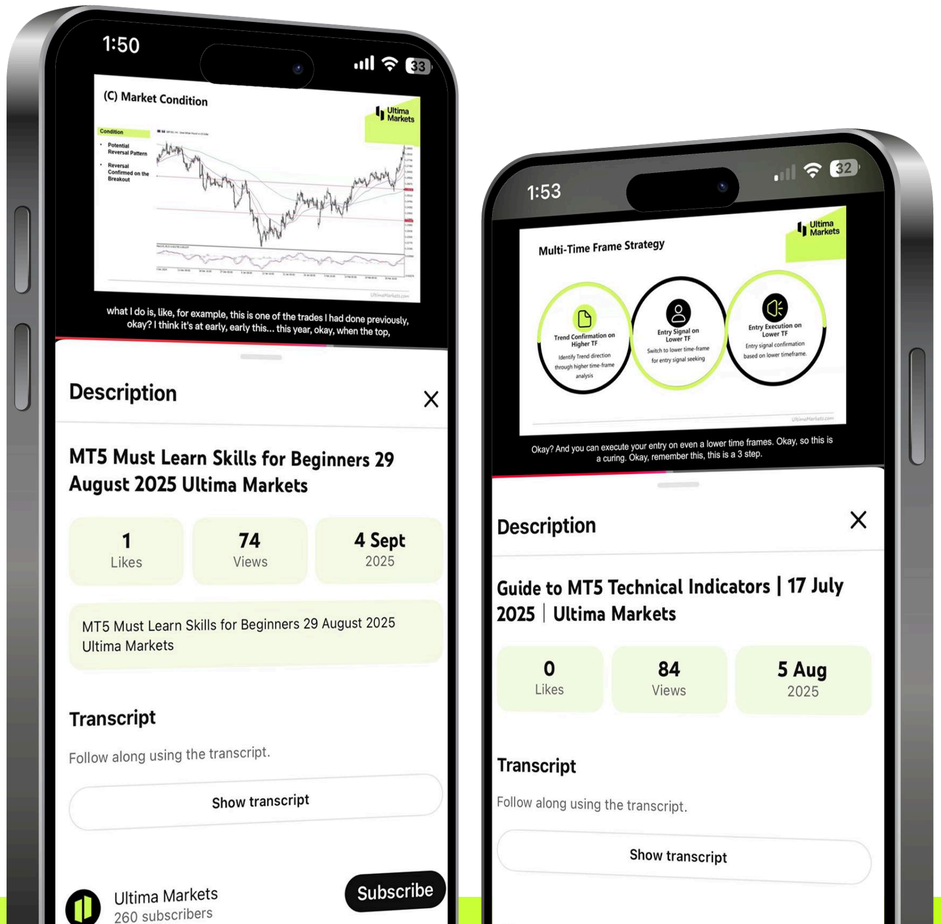

- Provides a pooled investment platform where investors can allocate their funds to skilled money managers or traders, often referred to as managers or masters.
- Allocate capital to qualified managers who trade on their behalf.
- Managers earn incentives based on the profits generated from managing investments.
- Investors benefit from professional strategies tailored to optimise returns.

Risk Warning: Trading leveraged derivative products carries a high level of risk and may not be suitable for all investors. Leverage can magnify both gains and losses, potentially resulting in rapid and substantial capital loss. Before trading, carefully assess your investment objectives, level of experience, and risk tolerance. If you are uncertain, seek advice from a licensed financial adviser. Leveraged products are not intended for inexperienced investors who do not fully understand the risks or who are unable to bear the possibility of significant losses.

The First Multi-Asset Trading Broker to be part of United Nations Global Compact

- Today’s world faces urgent global challenges, and finance holds untapped potential to drive solutions.

- Ultima Markets is taking the lead as the first multi-asset trading broker to join the UN Global Compact, embedding its principles into our operations.

- We are setting a higher standard in our industry and creating tangible impact through the Ultima Foundation and our commitment to the UN SDGs.

Risk Warning: Trading leveraged derivative products carries a high level of risk and may not be suitable for all investors. Leverage can magnify both gains and losses, potentially resulting in rapid and substantial capital loss. Before trading, carefully assess your investment objectives, level of experience, and risk tolerance. If you are uncertain, seek advice from a licensed financial adviser. Leveraged products are not intended for inexperienced investors who do not fully understand the risks or who are unable to bear the possibility of significant losses.

Making an Impact: Ultima Foundation

Building a better future for people and the planet

Our Focus Areas

Aligned with the United Nations Sustainable Development Goals, we support:

SDG1
No Poverty

SDG4
Quality Education

SDG8
Decent Work and Economic Growth

SDG13
Climate Action

SDG17
Partnerships for the Goals

Our Mission

We partner with non-profits, promote transparency and accountability, and support initiatives that drive real, lasting change.

At Ultima Foundation, purpose comes first. Together, we aim to leave a lasting positive impact on society and the environment.
